

# named young driver insurance

## Policyholder Declaration

The following statements are conditions of your insurance policy. By signing this document you agree to comply with these conditions throughout the life of your policy.

- Your policy will not start until the telematics device has been installed in the car that you are being insured to drive on this policy.
- We will require a photo of the front and back of your driving licence and the V5 logbook for the car being insured before the policy starts.
- The vehicle being insured must be owned by one of your parents.
- The maximum mileage permitted on this policy is 4,000 miles per year. As this is not main insurance for the car, the miles driven on this policy should not exceed 40% of the overall monthly mileage.
- You must have activated the driving app whenever driving the car insured under this policy. Failure to do so means that you will not be insured.
- All feedback and visibility of journeys will be made available to the vehicle owner.
- The vehicle owner has full authority to renew, cancel, make changes to, and receive all communications relating to the policy.
- You are aware that data will be collected for all journeys and must advise every driver that this information will be visible to you via your internet portal, any person with access to your internet portal and to Marmalade.

I ..... irrevocably agree to all statements above and give permission for all journeys, adverse and normal, to be sent to the owner of the car insured under this policy, who is .....

Signature of Policyholder..... Date.....

I ..... hereby acknowledge that if the above driver uses my car without activating the app, the policy will be invalid and my car will not be insured. I also accept that all journeys in my car will be tracked by the telematics device that has been installed under this policy.

Signature of Car Owner..... Date.....
